The very pleasant 360 degree views from the wide verandah of this solidly built concrete masonry 4-bedroom home will make you smile every morning. The house is approximately 40 years of age and built strongly. No expense has been spared on the modern 2 Pac kitchen with its luxurious granite bench-top and large stainless steel, 5 burner gas stove and oven with range-hood. A dishwasher is also included. The kitchen opens up to the reverse cycle air-conditioned dining area and lounge, which features a beautiful excellent-functioning fireplace. Good phone, tv and wi-fi reception ensues that you can run your business communications from home.

There are two main air-conditioned bedrooms, one with an ensuite and the other with access to a 2-way bathroom which makes it feel like an ensuite. Two more good sized bedrooms will accommodate a large family. This roomy house also has a large laundry, an office and an extra tv room. Added to this there is an enclosed carport with a delightful rainforest garden effect. On one side of the carport is room to put the family car, then there is the entertaining area which includes brick bar and BBQ area with chimney and seating area. Leave the car outside and you have room for a party.

Apart from this entertainment area attached to the house, the owners have enjoyed the company of many friends and visitors in the "Fardooley's happy hour shed", which houses a character bar, dining and lounge, toilet, shower and kitchen. There are two patio areas attached to this building which catch the cool afternoon breezes – both with invigorating views. Choose which one to sit at to suit the time of day.

A small 1-bedroom modern cottage suitable for AirBnb accommodation with scenic views over the hills and slightly away from the main house, offers potential for cash flow. It could also be used as a granny flat, teenager's retreat or caretaker's residence. The cottage has a roomy shed beside it which could be utilised in a multiple of ways.

SHEDS:

1. 80ft x 30ft concreted floor, gantry and power
2. 8 x 9 x 5 m high shed suitable for storing caravans and large machinery

WATER:

Rainwater tanks supply water for the house and cottages

Creek Water – This property is bounded on one side by a creek offshoot from the Fitzroy River, so river water is pumped to a large tank on the hill and gravity fed to other parts of the property.

Bore Water – There is a 60ft bore with a 700 g/h capacity plus pump. This has hardly been utilised as it hasn't been required.

POWER:

1. 240 Volt mains power is connected to the house, cottage and main shed.
2. Mains power is supplemented by a near 10kw solar system, some of which is fed back into the grid lowering the power bills yet again.
3. A 3 phase system is available on the property

INCOME POTENTIAL:

1. There are a couple of very fertile cultivatable flats on the property so cropping could be considered.
2. The property is set up as a bush camp with unpowered caravan, RV and tent camping sites to accommodate their friends, family and RV and caravan

club members. There is an amenities block, communal kitchen and dining area in the camping area. It has been a part time hobby for the owners who have enjoyed hosting communal campfires and happy hour evenings (for approx 5 months a year - to suit their own lifestyle). It could lead to lots of exciting new ideas for the energetic purchaser.

3. The flat areas on the property allows for anyone with a business with trucks or large machinery to be able to park and turn with ease.

GENERAL COMMENTS: This is an amazing property with so many opportunities to prosper and maintain a wonderful lifestyle. You have the benefit of easy accessible hilltop living as well as surrounding creek flats to suit your various needs.
